- a. All players involved in the blocking are on the line of scrimmage and in the zone at the snap.**
- b. The contact is in the zone.**
- c. The block is an immediate, initial action following the snap.**

Rationale for Change:

Further clarified that blocking below the waist now requires the block to begin immediately following the snap.

BLOCKING BELOW THE WAIST RULE 2-17-2c (NEW)

In PlayPic A, both players are in the free-blocking zone and on their lines of scrimmage. In PlayPic B, the block is legal because it is in the zone at the time of the snap, is an immediate, initial action following the snap, and both players began the play on their lines of scrimmage and in the free-blocking zone.

BLOCKING BELOW THE WAIST

RULES 2-3-7, 2-17-1, 2-17-2, 9-3-2

While in the free-blocking zone, the initial contact in PlayPic A is with the hands below the waist. When the blocker finishes the block below the waist as in PlayPic B, it is not a foul. A block below the waist is legal if it occurs in the free-blocking zone, provided both players were on their lines of scrimmage and within the zone at the time of the snap and the block is an immediate, initial action following the snap.

BLOCKING BELOW THE WAIST

RULES 2-3-7, 2-17-1, 2-17-2, 9-3-2

The initial contact in PlayPic A is above the waist. In PlayPic B, the blocker then loses contact and the blocker starts a new block below the waist, this is a foul. A block below the waist is legal if it occurs in the free-blocking zone, provided both players were on their lines of scrimmage and within the zone at the time of the snap and the block is an immediate, initial action following the snap.

BLOCKING BELOW THE WAIST RULES 2-3-7, 2-17-2, 9-3-2

The rules regarding blocking below the waist apply equally to both teams. In the PlayPic, the defender goes below the waist outside the free-blocking zone to take out the lead blocker. This is an illegal block by the defender. A block below the waist is only legal if it occurs in the free-blocking zone, provided both players were on their lines of scrimmage and within the zone at the time of the snap and the block is an immediate, initial action following the snap.
